PREMIER SIFTON ENUNCIATES HIS POLICY OF GOOD ROADS FOR THE WHOLE PROVINCE

His Aim Is to Have Good Highways Leading to Farmers' Markets

THE MANVILLE MEETING

It Was Largely Attended and Enthusiastically in Favor of the Premier

(By a Staff Correspondent)

Manville, June 23.—Every day that passes, sees the Liberal forces gathering strength. It is now conceded that Premier Sifton will be returned by a majority of two to one. But the Liberals are pushing the campaign with as much ardor as though the result were in doubt. Yesterday eight members of the provincial house, two members of the Dominion house, and several prominent provincial Liberals were at work in this constituency in the interests of Hon. A. L. Sifton. Senator Tait, Messrs. Charles Stewart, M.P.P.; J. M. Douglas, M.P.; D. H. MacKinnon, and others, M.P.P.s, are campaigning for the elector of Vermilion. George P. Smith, M.P.P., arrived on the G. T. F. line yesterday afternoon. Messrs. Frank Waller and P. E. Lessard are in the northern part of the constituency and Messrs. Duncan Marshall, Puffer and Holden were all here last night and spoke at Mr. Sifton's meeting in Telegram hall.

Made Good Impression
Mr. Sifton, after the election of the electors of this district last night, created a most favorable impression. Telegram hall was filled, about three hundred people were present, many of them having driven in from points as far distant as fifteen miles.

Mr. Sifton, of course, was the speaker of the evening. He was preceded by Messrs. Puffer, Holden and Marshall. "I have been asked," began Mr. Sifton, "why Mr. Marshall was selected for the cabinet. He has had and did not have to tell you, it is because he is a good man." After Mr. Sifton had made his address, the meeting became a very informal affair, the farmers, who are extremely well informed on political matters, asking the Premier many questions, all of which he answered to their entire satisfaction. An interesting feature of the meeting was that a number of questions along political lines were put to Mr. Sifton by some of the ladies, of whom there were a large number present.

Mr. Sifton met and shook hands with the only Conservative in the element. "How is it that you do not go and live somewhere where there are no Conservatives?" asked the Premier. "Oh, I like to argue with my neighbors," was the reply. "I've been trying for five years to convert them, but I have to admit that I haven't succeeded yet."

The speaker then referred to the handbills circulated by the Conservative organization, in which one question asked is, "Why should Mr. Sifton be thrashed upon the community?"

"The man who penned that article does not know what he is talking about," said Mr. Sifton. "He knew that I came down to Vermilion all alone and was given the unanimous nomination of the Liberal convention properly convened."

To Lead United Party
"The people are sick and tired of the disagreement in the ranks of the Liberal party. This is one reason why I am here. I have been asked to lead the party, and if possible, to lead a united party."

"Now Mr. Marshall has said that I sacrificed myself by resigning from the bench and accepting the premiership. But let me tell you that it is no sacrifice to be called on to be the leader of the Liberal party in this province. I consider it the greatest honor that could be given me, and I am willing to devote my time and services to the party."

"For during the thirty years that I have supported the Liberal party I have always felt that both in provincial and Dominion politics, the Liberal party has always been the friend of the people, and if it is necessary to devote the rest of my life to help place the party in the proud position that it's by right, I shall do it."

Under the Tories
The Premier then gave a description of the deplorable state in which the people of this country were under during the Conservative administration.

"You could not go from Calgary to

Edmonton without finding that all the farmers wanted to get out of the country as quickly as possible. Then a change came. They say it was the weather that caused it; that Providence intervened. But let me tell you that the change in the condition of the weather did not occur until Sir Wilfrid Laurier came into power."

"During the five years of the life of this province the Liberals have been in power, and you know what railways have been built and authorized; you know what great public works have been and are being built; and you know the prosperity that this country has had under the Liberal regime."

Mr. Sifton then referred to the demand of the Conservatives for a general election. He wanted to know if Mr. Clark expected to go up to the Lieutenant-governor and induce him to call for general elections and then if Mr. Clark expected to be able to take back a majority of Conservatives.

"If he does," demanded the speaker, "what advantage does he have to gain?"

Why He Chose Vermilion

In telling as to why he had chosen Vermilion as the constituency, he would like to represent one of those offered to him Mr. Sifton stated that he had chosen Vermilion on account of its geographical position and because it was a faring community and that was the kind that he wished to represent.

"I told the people of Irma last night, 'I am here for the purpose that I intended to be a good neighbour to all the roads or a certain bridge in order to gain their votes.'

ONE LONE TORY IN SETTLEMENT

Premier Sifton Met Him and Many Liberals in Meeting at Scotstown

at Scotstown

(By a Staff Correspondent.)

Manville, June 23.—Premier Sifton left Irma yesterday morning and drove 25 miles to Scotstown, the centre of a Scotch settlement. Here a meeting was held shortly after 1 o'clock at which Mr. Sifton addressed the Scotchmen. After Mr. Sifton had made his brief address, the meeting became a very informal affair, the farmers, who are extremely well informed on political matters, asking the Premier many questions, all of which he answered to their entire satisfaction. An interesting feature of the meeting was that a number of questions along political lines were put to Mr. Sifton by some of the ladies, of whom there were a large number present.

Mr. Sifton left Scotstown in the afternoon, and drove on to Manville, where he held a meeting last night. The Premier was greatly impressed with the country, and asked many questions as to settlers and the problems they have to face. He also noted, as he passed along, many of the places where improvements to roads and where bridges over coulees had been asked for.

NO APPEAL YET IN KING'S CASE

HEAT CLAIMED VICTIM IN PEG

Joseph Lasop, a Laborer, Was Found Lying Dead on Scotland Avenue

Winnipeg, Man., June 23.—The long hot spell which had been Winnipeg in its grasp has at last claimed a victim. A man supposed to be Joseph Lasop, front the papers in his pocket, was found dead on Scotland avenue last evening. The dead man was apparently a laborer for beside the body was a dinner pail containing a lunch. The man was about thirty years of age and when found on the street, he had not been dead more than three hours. It is thought that the lunch was untouched.

SIFTON WILL GET GREAT MAJORITY

Sentiment in Favor of the Premier All Through the Constituency

CONSERVATIVE MEETING

Only About Seventy-Five Gathered to Hear J. G. Clarke at Vermilion Last Night

(By a Staff Correspondent)

Vermilion, June 23.—Premier Sifton arrived here this morning and will address a meeting in the school this evening at which an opposition speaker has been asked to be present. The feeling in this immediate vicinity is almost all in favor of the Premier. Reports from the northern parts of the constituency indicate that the late member of the legislature, Mr. Archie Campbell, is working, indicating that the Premier will roll up a large majority there.

"Mr. Sifton will get a greater proportion than that," said Mr. Campbell, in speaking of that part of the constituency.

The Conservatives had a meeting here last night at which their candidate Mr. J. G. Clark was the chief speaker, only about 75 people were present and very little interest was manifested, about half of those present being women. The meeting was opened by Mr. Clark and Mr. Morrison, who were along similar lines to those presented by Mr. Ewing at Irma the other night.

Mr. H. W. Robertson, counsel for W. O. King, who is confined at Fort Saskatchewan, under sentence of death for the murder of Joseph Hinckley, stated this morning that nothing has been done yet in the case of the accused. Mr. Robertson at the time of his release was pronounced a statutory case and the decision will be made by the Supreme Court in Banc. There have been no attempts whatever to secure executive clemency at Ottawa.

As to the A. & G. W.

Just before Mr. Sifton sat down he was again asked as to what the government intended to do in regard to the A. & G. W. contract. The Premier stated that there were two reasons why nothing could be said in regard to this matter yet. In the first place the Royal Commission had not made their report yet, and in the second place there is \$7,400,000 in the bank which a railway company and three big financial institutions were very anxious to lay hands on, and if they were told what was going to be done with the contract it would be a serious matter.

STRENGTHENING MR. SIFTON'S HANDS

The speech of Mr. Charles Stewart, member for Sedgewick, at the opening meeting of Mr. Sifton's campaign in Vermilion, was of no small significance. Mr. Stewart was a follower of Mr. Cushing during the recent controversy, but he had no hesitation in expressing his confidence in the new Premier, adding that "there might be in the house two or three Liberals who would make trouble for the Premier, but there were enough others to support him in giving the province clear, honest and capable government."

Mr. Stewart didn't mention any names, but these "two or three Liberals" have made their attitude plain enough to enable the public to tell with a fair degree of accuracy to whom reference was made. Just what their political future will be difficult to say. At any rate it is not a matter of great concern. What we are interested in is the fact that their leadership, so far as being an important factor in the politics of the province, is a thing of the past and that Mr. Sifton will face the Legislature with the strongest kind of support at his back.

The Premier's address at Irma was fully in line with that at the nominating convention in Vermilion. The fact that he is not glibly making all kinds of promises will recommend him to the majority of electors who size a man up by the evidence of capacity and sincerity which he gives and the general ideas in regard to public affairs which he enunciates rather than by the elaborateness with which he sets forth any specific policy. A month has not yet elapsed since Mr. Sifton took office and it is quite unreasonable to expect from him any exhaustive treatment of the different problems facing the Premier. This is particularly true in reference to the A. & G. W. The commission has not yet finished its sittings and many matters have to be gone into in connection with the project. This much, however, may be taken as assured—that the road will be built and that the province's interests will be fully protected.

The ideal which the Premier has set before him and which he has stated in fashioning, to extend the railways and roadways of the province till every farmer may take his produce to market and get home the same day, is one that will make a general appeal. If a country is worth bringing settlers into, once they are here they are entitled to transportation facilities as complete as Mr. Sifton is aiming at.

His reply to Mr. Ewing who had declared that he had left the Bench to save the Liberal party, was particularly apt. He had no apology to make on that score. He reviewed the work which the party had done for the province up to the present and he thought that in view of that record it was well worth saving. The Premier is thoroughly right. The best way, in fact the only way, in which a public man can accomplish anything in the general interests is through the agency of one of the great parties. Partizanship has its abuses, but under British institutions we haven't been able to get along without the system up to the present and are not likely to for many years to come. This being the case, we for the good of the whole people that Mr. Sifton should assume the Liberal leadership at the time that he did and use his influence in keeping that organization together and directing it in accordance with its best traditions.

What Others Say**A PESSIMIST**

(Crossfield Chronicle)
Some one is now putting up big talk of launching a third political party in Alberta. The natural infer-

ence is that the promoters of the scheme have no hope of obtaining coveted fat offices through either of the old parties. Patriotism amongst politicians seems to have become almost as scarce as the proverbial hen's teeth. In these degenerate days the main question appears to be how to land the swag.

POLITICS EASING OFF

(Cardston Star.)

There is a good deal of talk in the air about a new party in Alberta, and there are splinters of a small nature in the existing parties. But, the average politician, I suppose, is inclined to let the present government have a good try before condemning them, and most are returning to their daily affairs. Politics are going to sleep for a time.

CANT CONCEAL ITS PLEASURE

(Calgary Herald.)

Sir Wilfrid will drive the first spike of the Alberta Central at Red Deer. The Great: Waterways is not quite ready yet.

WOE IN CALGARY

(Nelson News.)

The American press concoctes waxes over the insatiable ignorance of the Englishmen who addressed a letter from London to "Muskegon, Kansas" when, of course, the whole population of the earth might know that Muskegon is in Nebraska and more than thirty miles from the Kansas boundary line.

Occasionally Canadian papers comment on similar mistakes of the British writer of epistles. These errors are so common that a number of writers are able to discuss them in a highly humorous manner. But it is grief and indignation that is excited in Calgary by the geographical ignorance of Buffalo, N. Y.

A Calgary business firm sent an order over for some goods to a large firm in Buffalo, and in a reply it was stated that additional express charges would have to be added, as the express companies claim, that the point which the shipment is consigned (Calgary) has no express office and express shipments have to be left off at a railroad station and are strictly at the risk of the consignees.

Calgary is still endeavoring to recover from the shock.

A NEW TOURIST CENTRE TO THE WEST OF EDMONTON

One of the most attractive booklets that has reached this office in many a long day comes from the general passenger agent of the Grand Trunk Pacific railway. It is entitled "Mount Robson and Beautiful Jasper Park," and gives an admirably written description of the great national playground which with the completion of the G. T. P. to the Yellowhead by the end of the present year will be opened up to the world. What it will mean to Edmonton to be distant by so comparatively short a railway run from such scenes of natural grandeur and beauty suits a booklet as this makes one realize. The illustrations are superb. The longest article is that by Rev. G. B. Kinney, in which he describes his ascent of Mount Robson, the highest peak in the Canadian Rockies. Others deal with the general features of the park and the country on each side of the pass. The description of the approach to the mountain by the G. T. P. is particularly fine.

"The pass here," it reads in part, "is about five miles wide, with the beautiful Athabasca winding like a silver thread through the centre, and with well defined and distinct ranges of mountains running away in vistas in every direction—north, south and west—in endless variety of configuration. The pass itself presents an ever-changing aspect of loveliness, with tiny stretches of flower-sown prairie and patches of pretty parkland and intersected by boiling torrents, clear as crystal, while over and above it all is the ponderous glory of the mountains and Alpine phenomena. Fine imposing peaks are ranged in almost a semi-circle enclosing a stretch of valley which may best be described as an amphitheatre, in the centre of which repose Brule Lake, a shallow, treacherous expansion of the Athabasca, mirroring on its bosom the mountainous picturesqueness of the landscape."

This Park will do a great deal to help to make the West more attractive from a tourist standpoint; there is no question and it is satisfactory to know that the railway is already taking active measures to let the world at large know what it has to offer in this connection. It is not unlikely that the summer of 1911 will see a very considerable traffic of this character passing through Edmonton.

FIRST SOD TURNED FOR NEW HOSPITAL

Mayor Lee Held the Plow and
A. C. Fraser Drove the Horses

MANY CONGRATULATIONS

This Immediate Result of Passing
of Bylaw Was Accompanied
With Much Enthusiasm

A large number of leading citizens and quite a few ladies assembled at the site of the new Royal Alexandra Hospital yesterday afternoon to witness the interesting ceremony of turning the first sod in connection with the construction of that institution. His Worship, Mayor Lee, had the honor of directing the plow, while A. C. Fraser, president of the hospital board, drove the horses. After the furrow of about thirty feet had been turned, Mr. A. C. Fraser, with his foot on the mound of earth, addressed the gathering.

Mr. Fraser said that the occasion marked the happiest day he had spent in Edmonton with the exception of the day he was married. He referred to the good heartedness of the ratepayers of Edmonton, on the magnificent victory they accorded the hospital bylaw on Monday and then proceeded to compliment the gentlemen and ladies who had worked in the interests of the noble enterprise, paying special tribute to Mrs. Murphy, president of the ladies' board, Mr. K. W. MacKenzie, chairman of the building committee, and Mr. G. W. Cushing, president of the hospital board.

He said that the hospital had all that she had to say in connection with the hospital on Sunday afternoon but in a few words referred to the auspicious and happy event. She thanked the ratepayers for their generosity in passing the by-law and stated that the \$25,000 that was now available for construction would be utilized in a most careful fashion.

His Worship Mayor Lee extended hearty congratulations to all those efforts had come to a successful conclusion and referred to the great honour which had been accorded him when he was asked to officiate at the ceremony. He made comment on the fine site that had been obtained and the splendid way in which the success of the enterprise had been managed. He said that it was a public enterprise and that the cost should be defrayed by taxation.

He made comment on the fine site that had been obtained and the splendid way in which the success of the enterprise had been managed. He said that it was a public enterprise and that the cost should be defrayed by taxation.

Mr. C. W. MacKenzie expressed his great pleasure at being present and were extremely gratified that things had now come to a head. He also, thanked the ratepayers for their broad-minded action and trusted that the building would be completed at an early date. In conclusion he eulogized the nursing staff.

At the conclusion of the speech-making Mr. Fraser called for three cheers for the Royal Alexandra Hospital which were given cordially. There were many more called for cheering for the young Albertans who would be born on the spot, which was responded to with laughter.

"Among those present at the ceremony were: Mayor Lee, Commissioners Butchart and Bouillon; Messrs. Campbell, Fraser, Turnbull, Harrison, MacKenzie, Morris, Cushing, Lines, May, Smith, Drs. Whitelaw and McInnes, Mrs. Murphy, Mrs. Hislop, and Mrs. Jennings.

It is understood that a number of the wards in the hospital will be furnished by various fraternal orders and societies.

THE Y.M.C.A. BEAT TOFIELD FINAL SCORE WAS 9 TO 8

Fans Were Treated to all Sorts and Conditions of Baseball—Errors Were Numerous.

The fans who attended the Tofield-Y. M. C. A. baseball game last evening were treated to a varied exhibition of the American national game. There was some good playing on both sides, and also some that bordered on the saffron.

To commence matters, the visitors did not arrive until nearly 7 o'clock, and the fans watched the Y. M. C. A. practice until everybody was blue in the face.

Tofield brought along a large contingent of roosters, male and feminine, and in their journey to the grounds, seemed to pick up every unattached small-boy in Edmonton. At least, there were nearly one thousand of the youngsters crowded around the visiting players' bench.

Pete Hickey pitched well for the locals, in spite of the poor support given him by his team. He had a wild pitch, but otherwise did not commit any errors. The Y. M. C. A. got one in the sixth as did the visitors, and another in the seventh.

Fourth Innings

Haines got an error by Miller and stole second. Lee scored him with a safety to left, and took second on a steal. Broker walked and Burley drove to Morgan. McCusker grounded out. Morgan then made a bad misplay on Diamond's liner and this allowed Lee to scamper home. Score 3-2.

Y. M. C. A. Get Busy

The locals got right busy in their half of the fourth. Jamieson was safe on a muffed third strike and McKellar hit safely. A wild pitch by Haines and a double and a stolen second, scoring on Miller's safety to centre. Score now 5-3.

The Y. M. C. A. got one in the sixth as did the visitors, and another in the seventh.

The Fatal Eighth

On four hits, two stolen bases and a charity. The visitors made four runs in this innings making them one to the good.

Y. M. C. A. came right back. Hits by Clark and Parney, along with an exceedingly close decision at third base, allowed two runs to score. Final tally 9-8.

Harold Deeton made an impartial umpire.

Summary—Two base hits by Haines. Three base hits; Parney and Haines on balls off McCusker; Lee off Burley, 3. Struck out: by Burley 6; by McCusker, 12. Time of game, 2:55. Umpire: Deeton. Attendance: 100.

Story of the Game

Tofield went out for a goose egg in the first and the locals garnered two counters on charities to Gorman and Miller and singles by King and Jamieson. A wild pitch also helped.

Haines ended the second with a double and died on third in a silly attempt for an extra base. Broker and Barnes fell by the wayside. Y. M. C. A. went out in order, Clark and Burley finishing.

The Third Innings

Miller's error, a bad throw by Parney and a hit by Diamond sent young McCusker into the visitors' first run.

Miller, first up, walked, and stole second, and third but died there, as Parney died to Broker, while Knott.

HOW ABOUT PETE MORSE?

WAIT UNTIL THEY HEAR

The Calgary Herald lights up its pipe and dreams this dream:

"We know it's Hickey now! Edmonton thought they had the hookos to his hide, but they were pulling the wrong fish. The following telegram was received from Bill Carey at Moose Jaw June 19:

"Bill Moose Jaw, June 20.
Hickey joined us here today. We are in good shape now but could do with another pitcher."

JILL CARNEY.—This simply means that if Hickey passed through Calgary on his way to Edmonton he was transferred from Red Deer to Moose Jaw by wireless. Hickey was certainly lost for a while, but all that time he was hoping to meet Carney and the bird is now caged. "We wonder who's hissing him now?"

Flanagan is hurt and out of the picture at the present time. Bill did not say what was the trouble, neither have we heard of the accident in our press report; or despotic, but it is a sure thing he is out of it for a while, but we hope not for long. Carney states that they are now in pretty good shape to pull through with bells on and with Hickey to strengthen the rubber, he is now in a better position to work his twirlers in order.

Edmonton is now crawling up the list and doing a stench which was entirely foreign to that team at the opening of the season. Deacon is a pretty cunning guy all right, but he has to stride some to keep up to our

ESKIMOS LOST THIRD GAME

After Having a Safe Lead, a Batting Rally Snatched Game From Their Hands

Regina, Sask., June 22.—Edmonton had no license to lose today's game to the locals, but did just it, same. After getting a lead of three runs, a batting rally and an unfortunate error by Moose Baxter allowed the Teddies Bears to win by 7 to 6. This game was the first loss, as Grady is changing up with the Salmon River Indians in Brandon.

Moose Baxter was the leading batter with a double and triple while Pete Morse also had a double.

The teams all move around today, playing as follows:

Edmonton at Moose Jaw.

Calgary at Regina.

Lethbridge at Winnipeg.

Medicine Hat at Brandon.

MELODRAMA AT EMPIRE

"Eagle's Nest," a play portraying life in California in the early days, was produced by the Eckhardt Company at the Empire Theatre last night. A large audience thoroughly enjoyed every minute of the four acts. The piece has been advertised as a comedy but although it abounds with amusing dialogue yet there is a large element of the melodramatic. The real old-fashioned villain and the brave, righteous and handsome hero played important roles in a most ingeniously devised plot. There is also the fair maiden, who is rescued from all sorts of dangerous contempary by the ever-watchful hero. As is usual, the play ends with the final discomfiture of the designing villain and the reunion of the happy couple. For a thrilling, amusing and interesting drama of human life, "Eagle's Nest" can be recommended. The same play will be produced tonight.

Jack! How is it that Mrs. Brown can get a quiet horse and drive her lady friends and you cannot get one safe for me? Well, my dear, Brown deals at a corner's livery and you deal at a corner's livery. If convenient bring your money with you.

Mr. McInnon Writes Sharp Letter
to the Commissioners as to
His Rights

It is evident that while J. D. McInnon holds his office as building inspector he is going to run things as much as is possibly allowed by law to suit himself. At yesterday afternoon's meeting of the city commissioners a letter was received from Mr. McInnon in which he refused to have all applications from contractors, the use of paved streets turned over to them.

The Day in Strathcona

Next Sunday the opening services will be performed in the new Anglican church, Highland Park.

A. D. Ferguson, of Calgary, and Robert Weir of Brooksfield, Out, are guests at the Strathcona Hotel.

On Dominion Day the Metropolitan Ladies Aid are arranging to serve dinners in the vacant building one door east of Duncan's drug store. The hours will be from 11:00 to 2:00 and the menu an extensive one.

Tonight the city council is holding a special meeting to discuss the estimated capital expenditure after which the issuing of debenture by-laws will be prepared.

The Strathcona Industrial Exhibition Association will hold their final committee meeting tomorrow night, when judges, gate-keepers, and other officials will be appointed for the 1st of July exhibition.

In the police court this morning Magistrate Downes sentenced Louisa Beaver to two months' hard labor at Calgary for drunkenness and being on the streets for illegal purposes. The prisoner is a half-breed, is an old Indian, who is well known to the police of Strathcona, Edmonton and Calgary, the former having had her under observation for some time past.

B. DOUGLAS RETURNS

That Monday last was the hottest June day Winnipeg had had in seventeen years was what R. B. Douglas, president of the Strathcona Board of Trade said yesterday, having just arrived here from that city.

Mr. Douglas had been to Brandon to be present at the Board of Trade convention and then at Winnipeg on business, and speaking of the convention he said that it was his opinion that better results would be obtained this year than from last year's convention which was held in Saskatchewan.

The large expenditures which have been made by the city councils of Lethbridge and Saskatoon for their boards of trade were a surprise to Mr. Douglas. Between six and seven thousand dollars were granted in each city, though \$2,000 less the amount Strathcona is to spend, is all that is justified in spending this year. Edmonton and Strathcona, he said, are practically the centre of one district, and therefore cover much the same ground.

Crop conditions along the line between Winnipeg and Strathcona, look very promising, said Mr. Douglas, though in Manitoba they are not so far advanced as in the west.

MASONIC ANNUAL CHURCH SERVICES

The annual Masonic Service will be held on Sunday next, the 6th at three o'clock at the Empire Theatre, Third street.

All Masons are requested to meet at the Masonic Hall at 2 p.m. on above date.

The public are cordially invited to attend the service.

The meeting of the American Yeoman will be held in the hall 447 Nassau street, at 8 o'clock sharp, Friday evening, and at 9 o'clock, Saturday, with light refreshments will be held to celebrate the opening of the Homestead of the American Yeoman in this city one year ago.
